

LKS-SE

AUTOMATIC SUBMERSIBLE PRESSURE PUMP

Features

With built-in integrated electronics, designed to automatically start and stop the pump.
Compact, easy to use, with dry-running protection and built-in check valve.
Motor with thermal protector.

Application

Can be used for transfer clean water or other liquids similar to water in physical and chemical properties.
Suitable to be immersed in water for lifting water from well or the pool, and draining water from the basement.
